

(BULGAR FROM ODESSA)

ABE SCHWARTZ ORCHESTRA 1919

(♩=100-110)

Here is a lively bulgar in D *Misheberakh*. The harmonization set down here follows the Schwartz arrangement, especially in the "B" section where the minor dominant, A minor, is used. This tune, published in 1921, is an example of one of the very few *klezmer* melodies issued by the Hebrew Publishing Company.
